

## PLATINUM II SERIES Lineup

**3,000 – 8,000 lb. Capacity Cushion Models**

**3,000 – 7,000 lb. Capacity Pneumatic Models**

**3,000 – 5,000 lb. Capacity Compact Pneumatic Models**

- Nissan's own K21 and K25 electronic fuel injected industrial engines
- Nissan's own QD32 diesel industrial engine
- Low emission levels, well below EPA Tier II<sup>1</sup>, CARB<sup>1</sup>, and EPA Tier III Diesel emission requirements
- Engine/transmission protection and warning system to safeguard your investment<sup>1</sup>
- Seat-actuated Operator Presence System includes auto-mast lock, return-to-neutral, audio and visual warnings
- Spacious operator compartment features small diameter steering wheel with memory lock, automotive-style controls and ultra low noise levels
- Full suspension seat with operator restraint system
- Multifunction LCD display with on-board diagnostics and programmable service reminder
- Operator PIN access provides additional security
- Exclusive single lift and tilt control lever to maximize productivity
- Five-piece, reinforced overhead guard design
- One-piece, no-tool floorboard
- High visibility carriage<sup>2</sup>

#### Additional optional features include:

- Fingertip controls<sup>2</sup>
- Ground speed control settings<sup>1</sup>
- Controlled acceleration mode<sup>1</sup>
- Auto-tilt leveling system
- Overhead guard modified for drive-in racking
- Swivel seat with rear overhead guard mounted assist grip with horn button<sup>2</sup>
- Nissan exclusive Optiview mast
- Integral sidsifter<sup>2</sup>
- Swing-down LPG bracket<sup>2</sup>
- UL safety rating<sup>2</sup>

#### Electronic Concentrated Control System (ECCS) Engines

Nissan's engine expertise is evident in the Platinum Series, with electronic fuel injection engines providing exceptional productivity through high combustion efficiency and low fuel consumption.<sup>1</sup>

<sup>1</sup> LP, Gasoline, Dual Fuel models only.  
<sup>2</sup> Consult Factory for available models.

\*Gas, LP, Dual Fuel, LPS available for select models

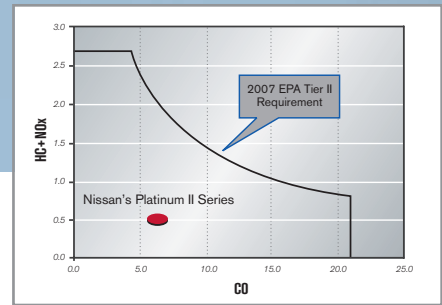

### Multifunction LCD Display

Easy to read display features hour meter, clock, calendar, speedometer, F/N/R indicator, warning lights and engine coolant temperature gauge.

### Operator Presence System

Seat actuated operator presence system features auto-mast lock, return-to-neutral, visual and audio warnings—including seat belt and parking brake indicators.

### Improved Exhaust Emission Performance

Nissan continues to take the leadership position in clean air technology as the first manufacturer to receive compliance for stricter Tier II emissions regulations.

### Reverse Driving Simplified

Select Nissan's optional swivel seat in combination with a rear assist grip and horn button for enhanced operator control and greater productivity.

### Full Suspension Seat

Incorporating an operator restraint system and sculpted design, these seats provide a secure, comfortable control center for the operator.

### Greater Fuel Efficiency

Reduce overall fuel costs and minimize tire wear by choosing Nissan's optional speed and acceleration control with security key switch. Toggle switch also available.
